6.3.5 Describe the functioning status of the Performance Appraisal System for teaching

The performance appraisal of all the teaching faculty is done annually through a self-appraisal form designed by IQAC. The format is exhaustive and includes questions/descriptions regarding academic and administration responsibilities undertaken by the teacher, innovative methods practiced and implemented during the academic year, various responsibilities undertaken, use of ICT enabled teaching, involvement in university academic work like question paper setting, examination work, BOS, BOEs etc. It also has a detailed research section with questions/descriptions of seminars attended/ paper presentations in seminars/workshops, FDP/refresher courses, capacity building programmes attended etc.

IQAC monitors the Online feedback from students and teachers. Every year the students evaluate their teachers online on the basis of the following criteria: accessibility to teacher, classroom management, communication skills, ability to inspire and motivation, interaction, punctuality and regularity, effective completion of syllabus, subject knowledge and the use of ICT in teaching learning process. The IQAC will start the process of feedback analysis and will utilize the reports for overall development from the upcoming session.

Annual Online Student satisfaction Survey is also conducted.

Non-teaching staff viz librarians, office staff, support staff are currently not given any appraisal forms. Based on the quality, skill of their work the principal conducts the appraisal of the non-teaching staff informally and they are counseled to improve their work if necessary
